

**RESOLUTION CONCERNING CENTRAL DISPATCH/911  
SURCHARGE**

*WHEREAS* the voters of Iron County have by election established a telecommunication surcharge of \$2.70 per telecommunication device registered within the county to support Central Dispatch/911 services;

*WHEREAS* the nature of the voted telecommunications surcharge can not equitably assess the persons and property benefitted by the Central Dispatch/911 protection within the county;

*WHEREAS* the revenue provided by the voter approved telecommunications surcharge has been financially irregular, making it difficult to accurately budget for the providing of Central Dispatch/911 services within the county;

*WHEREAS* the Board of County Commissioners of the County of Iron has proposed a one mill special millage for "equipping, staffing, operations and delivery of Central Dispatch/911 services" for the years 2020, 2021, 2022 and 2023, inclusive, for consideration by the voters at the August 2020 election;

*WHEREAS* if the voters adopt the one mill special millage for Central Dispatch/911 services at the August 2020 election, there will not be a present financial need for continuation of the voter approved telecommunication device surcharge of \$2.70 per telecommunication device registered within the county;

*NOW THEREFORE BE IT RESOLVED* that the **COUNTY OF IRON**, in consideration of the foregoing does hereby resolve that if the one mill special millage request is adopted by the voters at the August 2020 election, that effective January 1, 2021, the **COUNTY OF IRON** will not thereafter assess any portion of the present \$2.70 per telecommunication device surcharge previously approved by the voters of Iron County.

The foregoing resolution was moved by Commissioner Aho and supported by Commissioner Leonoff.
