To the Iron County Board of Commissioners:

The Apportionment Report was prepared by the Equalization Department. M.C.L. 211.37 requires the Iron County Board of Commissioners at its annual session in October to examine certificates and determine the amount of money to be raised for county purposes and direct the spread of taxes in terms of millage rates to be spread against the taxable valuations.

The certificates, statements and records submitted by the various townships, cities and village were examined and the attached rates represent a compilation of these documents. The certified rates as adjusted by Headlee M.C.L. Sections 211.34D and 211.34E are set for all the townships, cities and village in the county.

This report is a summary of millage rates by the various taxing authorities. There are also summaries showing the total tax rates by each taxing jurisdiction and each taxing authority.

The attached resolution if passed by the Board of Commissioners will authorize the Equalization Director to sign the certificates on which the attached tabulation was based. The action thereby authorizes and directs the various assessing officers to spread the rate against the 2023 taxable valuation.

Respectfully Submitted,

Amy K. Bucek
Equalization Director
